Rick,

Not sure what the process is but here is the updated PPT for ChemWatch on PFAS. I incorporated your comments and also met with Bethany Fisher and Stephanie Swartz in OGC to make sure the content was not out of bounds. They were excellent and had some really good thoughts/info. Sven also sent me the transcripts. Rep. DeLauro was not there and any other PFAS comments were really related to water. I also watched some of the tape which was interesting.

Thanks for any insight,

Jeff
